

A-Z Listing

Perennials

As the nation's leading wholesale perennial grower, we are excited to offer you a vast selection of over 1,000 new and classic perennials of the finest quality. In this section, you will find an abundance of daylilies, hostas, ground covers, ornamental grasses, vines, and many other perennials. We have something to fill every need from drought tolerant varieties to those that bloom all summer.

Extensive research has been put into the following plant descriptions. While every effort has been made to portray them accurately, please keep in mind that the height, bloom time, and color may differ slightly in various climates throughout North America. Our listings typically describe the characteristics of a three year old plant. They are based on our own experience growing these plants in Michigan as well as numerous other resources.

Achillea Seduction Series

Achillea millefolium
'Saucy Seduction' PP20782

Achillea millefolium
'Strawberry Seduction' PP20782

Achillea millefolium
'Sunny Seduction' PP20782

(Yarrow) This impressive Achillea series is the best we've seen! Unlike older cultivars with a weaker, open habit, these plants have a compact, sturdy and robust habit. Beautiful cultivated looking varieties; great in containers at retail and admirable performers in the landscape. Bred by Sahin.

Asexual propagation prohibited.

18-24in/ESu-MSu/Z3-8/G1, 72ct ☉

Achillea millefolium 'Saucy Seduction' PP20782

ACHSAG1, ACHSA72 Flowers open intense fuchsia pink, lightening to medium pink. New flowers are produced all summer, providing an array of color over an extended period.

Achillea millefolium 'Strawberry Seduction' PP18401

ACHSSG1, ACHSS72 Large clusters of strawberry red flowers with a gold center form a domed canopy atop a robust, compact, upright clump of grey-green foliage. Mature flowers turn buff yellow, extending the interest late into the season.

Achillea millefolium 'Sunny Seduction' PP20808

ACHSUG1, ACHSU72 Flowers open intense lemon yellow, lightening to pastel yellow. New flowers are produced all summer. A tremendous improvement over 'Moonshine'.

Achillea 'Moonshine'

Aconitum fischeri

Aconitum napellus

Agastache aurantiaca
'Apricot Sprite'

Achillea 'Moonshine'

ACHMOG1, ACHMO72 (Yarrow) Flat-topped, canary yellow flower clusters and bright silver, ferny foliage. This is a clump-forming selection that blooms over a long period. Plants will rebloom if they are cut back.

18-24in/ESu-MSu/Z3-8/G1, 72ct ☉

Aconitum fischeri

ACOFIG1 (Azure Monkshood) Produces upright spikes of lavender-blue flowers. This species has particularly strong stems that will not require staking. Deeply divided, dark green, glossy foliage.

18-24in/LSu-EFa/Z4-8/G1 Ⓢ

Canadian restrictions apply.

Aconitum napellus

ACONAG1 (Common Monkshood) Striking, upright spikes of violet-blue flowers. The deeply divided, dark green, glossy foliage makes this selection attractive even when it is not in bloom. Rarely bothered by pests or diseases.

3ft/MSu-LSu/Z4-8/G1 Ⓢ

Canadian restrictions apply.

Agastache aurantiaca 'Apricot Sprite'

AGAAS30 (Anise Hyssop) This dwarf, compact cultivar produces vibrant peachy apricot flowers all summer. Upright columnar habit with edible, grey-green foliage. From Thompson & Morgan.

18in/ESu-LSu/Z6-9/30ct Ⓢ

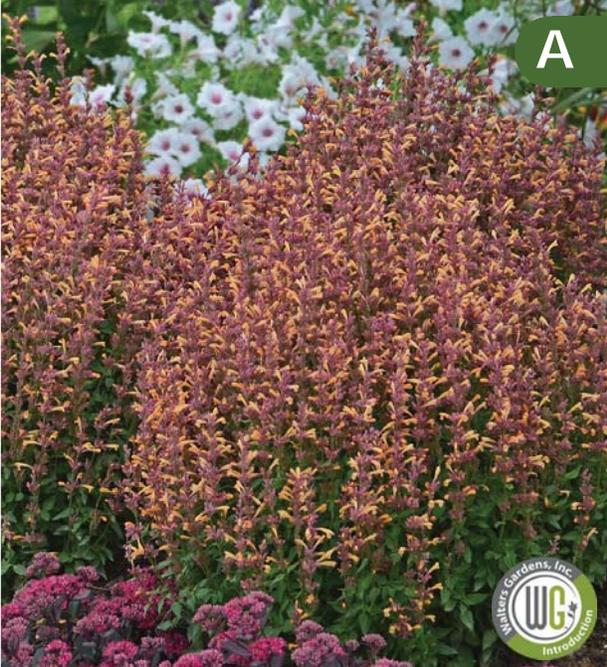

Agastache 'Blue Fortune'

Agastache 'Bolero'

Agastache 'Mango Tango' PPAF

Agastache 'Peachie Keen' PP25886

Agastache 'Rosie Posie' PP25857

Agastache 'Blue Fortune'
 AGABFG1 (Anise Hyssop) This drought tolerant perennial is very easy to grow and very long blooming. It forms a sizable upright clump of aromatic, green foliage topped with lavender blue flower spikes. Strong stems do not require staking.

24-36in/MSu-EFa/Z4-9/G1 ©

Agastache 'Bolero'
 AGABO30, AGABO72 (Hyssop) One of the longest blooming perennials in our gardens. Vivid rose purple flower spikes rise above the bronzy green foliage. Forms a compact, branched clump of aromatic, slug and deer resistant foliage. Well-adapted to dry soils. From Jelitto.

16in/MSu-EFa/Z5-10/30 & 72ct ©

Agastache 'Mango Tango' PPAF
WGI Exclusive Introduction
 AGAMT30, AGAMT72 (Anise Hyssop) Selected for its compact habit and vibrant flower color. Overall, the plant has a rich, mango-orange color. Individual flowers have dusky rose calyxes and light peach to dusky orange flowers. A deeper shade of orange than 'Peachie Keen'. Flowers cover the top ¾ of the plant.

16-18in/MSu-EFa/Z6-9/30 & 72ct ©
 Asexual propagation prohibited.

Agastache 'Peachie Keen' PP25886
WGI Exclusive Introduction
 AGAPK30, AGAPK72 (Anise Hyssop) Densely compact, rounded clump of aromatic, bright green foliage is topped with loads of apricot peach flowers with complementary purplish pink calyxes for many months beginning in midsummer (earlier in warmer zones). Easy to grow.

20-24in/MSu-EFa/Z6-9/30 & 72ct ©
 Asexual propagation prohibited.

Agastache 'Rosie Posie' PP25857
WGI Exclusive Introduction
 AGARP30, AGARP72 (Anise Hyssop) Densely compact, rounded clump of aromatic, bright green foliage is topped with loads of hot pink flowers with magenta purple calyxes for many months beginning in midsummer (earlier in warmer zones). Easy to grow.

18-22in/MSu-EFa/Z6-9/30 & 72ct ©
 Asexual propagation prohibited.

Ajuga reptans 'Black Scallop' PP15815

Ajuga reptans 'Black Scallop'
PP15815

AJUBS30, AJUBS128 (Bugleweed)
Attractive smaller-scale groundcover with glossy, near-black, scalloped leaves. Shocking violet blue flowers appear on short spikes in spring. Stays compact without growth regulators.

3-6in/MSp-LSp/Z4-10/30 & 128ct ©
Asexual propagation prohibited.

PLANT HAVEN, INC

Ajuga reptans 'Burgundy Glow'

AJUBG30, AJUBG128 (Bugleweed)
Tri-colored foliage in shades of creamy-white, rose-burgundy, and dark green. In fall, mature leaves turn deep bronze, and newer growth is a rose tone. Produces short spikes of blue flowers. Evergreen.

6in/MSp-LSp/Z3-10/30 & 128ct ©

Alcea 'Las Vegas'

Photo courtesy of Thompson & Morgan

Alcea rosea 'Fiesta Time'

Alcea 'Las Vegas'

ALCLV30 (Fig Leaf Hollyhock)
A hardy, longer lived species with fig-shaped leaves borne all the way up the stems. Large, saucer-shaped flowers in flashy shades of red, copper, chestnut brown, yellow, pink, and white appear over a long period. Perennial. 5-6ft/ESu/Z3-9/30ct ©

Alcea rosea 'Fiesta Time'

ALCFT30, ALCFT72 (Hollyhock) This vibrant seed selection produces relatively short spikes of double, cerise pink, fringed blossoms beginning in midsummer. The shorter height makes it more suitable to courtyard gardens and containers than its taller cousins. First year flowering.

3ft/MSu/Z3-9/30 & 72ct ©

Alcea Halo Series

(Hollyhock) From the breeding work of Thompson & Morgan comes this series of hollyhocks that was 16 years in the making. Varieties were selected for their large, single, bicolor flowers. Each displays a prominent, contrasting halo in the center of the flower. Forms a bushy clump of rugose green foliage. Per the breeder, they are hardy perennials.

5-6ft/ESu-MSu/Z3-8/30ct ©

NEW! Alstroemeria FABIANA™ ('Zaprifabi' 17991)

ALSFA20 (Peruvian Lily) COLORITA® Princess Lilies. Attractive variegated foliage with dark green leaves and creamy white margins. 2in, creamy white flowers cover the plant for many months. Has overwintered for three years with no losses in our zone 6, heavy snow climate. 12-14in/ESu-EFa/Z6-11/20ct ⓘ Asexual propagation prohibited.

Alstroemeria INCA ICE™ ('Koice')

ALSII20, ALSII72 (Peruvian Lily) The Inca Collection®. Forms a bushy, upright clump of linear green leaves which are covered in flowers in summer. Soft apricot pink and creamy yellow flowers are produced in clusters of 20 or more. Bred for garden use. Hardier than most; Overwinters here in zone 6 well. 2-3ft/MSu-LSu/Z5-9/20 & 72ct ⓘ

Alstroemeria INCA JOLI™ ('Koncajoli' PP22267)

ALSII20, ALSII72 (Peruvian Lily) The Inca Collection®. Bred to be the perfect pot plant. Compact, bushy, green foliage is topped with vibrant orange-red flowers with a splash of gold in the center. Very long blooming; long sales window and season of interest. Has overwintered in Z6 successfully with snow cover. 16-20in/ESu-EFa/Z(5)6-9/20 & 72ct ⓘ

Asexual propagation prohibited.

Allium Bare Root

We offer some of the finest bare root Allium in the industry and this year we are adding a #2 Grade size.

#1 Grade

#2 Grade

Allium 'Millenium'

ALLMIG1, ALLMIG2 (Ornamental Onion) The best perennial Allium we've seen in years! A profusion of large 2in round, bright rosy purple clusters appear on strong stems. Forms a picture perfect, compact, upright clump of glossy green, thick and strappy leaves.

15-20in/MSu-LSu/Z5-8/G1 & G2 ⓘ

Allium senescens 'Blue Eddy'

ALLBEG1, ALLBEG2 (Ornamental Onion) Named for its attractive, pinwheel-like rosettes of blue-grey to grey-green foliage which resemble "small swirling eddies of water" according to breeder Mark McDonough. 1½in round clusters of light lilac pink flowers appear atop naked stems. Does not reseed.

8-12in/LSu-EFa/Z4-8/G1 & G2 ⓘ

Amsonia 'Blue Ice'

**Amsonia ciliata var. filifolia
'Georgia Pancake'**

Fall Color

Amsonia hubrichtii

Amsonia 'Blue Ice'

AMSBIG1 (Blue Star) Clusters of plump navy blue buds open to large, vivid periwinkle blue, star-shaped flowers. Broader, bright green leaves turn yellow in fall and form a compact, spreading clump. A selection from White Flower Farm.

12-16in/LSp-ESu/Z3-9/G1 ☉

Amsonia ciliata var. filifolia 'Georgia Pancake'

AMSGPG1 (Creeping Blue Star) A low-growing native cultivar that is ideal for use as a groundcover. Needle-like, chartreuse green foliage takes on a golden yellow color in fall and is soft to the touch. Small, pale blue flowers. From Bob McCartney.

4-6in/LSp-ESu/Z5-9/G1 ☉

Amsonia hubrichtii

AMSHUG1 (Arkansas Blue Star) A southern native with very narrow, needle-like leaves that line the stems like bottlebrushes. Produces 2-3in clusters of small, light blue, star-shaped flowers. Valued for its golden yellow fall color.

3ft/LSp-ESu/Z4-9/G1 ☉

Amsonia t. 'Storm Cloud'

New!

Amsonia tabernaemontana 'Storm Cloud'

NEW! Amsonia tabernaemontana 'Storm Cloud' WGI Introduction!

AMSSCG1, AMSSC72 (Blue Star) New stems emerge near-black like a dark rain cloud. Dark green leaves have silver veining and forms a wide, mounded habit. Light periwinkle blue, star-shaped flowers cover the plant for many weeks.

24-30in/LSp-ESu/Z4-9/G1, 72ct ☉

'Charme' PP15200**

NEW! Anemone DREAMING SWAN™ ('Macane004' PPAF)

ANEDS20, ANEDS72 (Anemone) Beautiful large flowers with a long season of performance. Semi-double white flowers have lilac-blue bands on the backside. Dark green leaves have a semi-glossy finish. From Elizabeth MacGregor.

22-24in/LSp-EFa/Z6-9/20 & 72ct ①

Asexual propagation prohibited.

Anemone 'Honorine Jobert'

ANEHJ20, ANEHJ72 (Japanese Anemone) A classic cottage garden perennial; one of the best for late season interest. Single, 2-3in, pure white flowers with yellow centers are produced atop tall, wiry stems over attractive dark green foliage.

3-4ft/LSu-EFa/Z4-9/20 & 72ct ①

Anemone hupehensis var. japonica 'Pamina'

ANEPA20, ANEPA72 (Japanese Anemone) A great perennial for late season interest. Deep rosy pink 2½in double

flowers top tall, graceful stems which sway beautifully in the wind. Individual petals are elongated and daisy-like.

2½-3ft/LSu-MFa/Z4-8/20 & 72ct ①

Anemone sylvestris 'Madonna'

ANEMD30 (Snowdrop Anemone) Improvement over the species; bears larger 2-3in single, pure white, lightly fragrant flowers in spring with some rebloom in fall. More uniform than the species. Makes an excellent groundcover with attractive, dark green foliage.

9-12in/LSp-ESu, EFa/Z3-8/30ct ⑤

Anemone 'Whirlwind'

ANEWH20, ANEWH72 (Japanese Anemone) A classic cottage garden perennial; one of the best for late season interest. Produces pure white, 2-3in, semi-double flowers with ruffled petals atop tall, wiry stems above an attractive clump of deep green foliage.

3-4ft/LSu-EFa/Z4-8/20 & 72ct ①

Anemone hupehensis var. japonica 'Pamina'

'Dorothy Rose'**

Anthemis tinctoria 'Charme' PP15200

ANTCH30 (Dwarf Golden Marguerite) Selected by Inspiration Plants for its dwarf, compact habit and abundance of golden yellow flowers which bloom for several months beginning in early summer. Does not set viable seed. Drought tolerant.

12-16in/ESu-EFa/Z3-9/30ct ⑥

Asexual propagation prohibited.

Aquilegia x caerulea 'Origami Mix'

AQUOM30, AQUOM72 (Columbine) This relatively compact, highly floriferous mix includes

large 3in, long-spurred, upward facing flowers in a range of colors including blue, pink, red, white, and yellow. It is prized for its uniform, proportional habit and free-flowering ability.

14-18in/LSp-ESu/Z3-9/30 & 72ct ⑤

Aquilegia 'Dorothy Rose'

AQUDRG1 (Granny's Bonnet, Columbine) The light rose-pink flowers of this selection are "hose-in-hose" style, meaning several flowers are set inside one another. Attractive light blue-green foliage.

24-30in/LSp-ESu/Z3-9/G1 ⑤

Aquilegia Songbird Series

(Columbine) Large and showy, upward-facing, long-spurred blossoms are the signature of this Aquilegia series from PanAmerican Seed. These reliable bloomers come in a broad range of colors, all sharing a compact habit and flowers that measure 3in on average.

Arabis caucasica 'Lotti Deep Rose'

Arabis caucasica 'Lotti Deep Rose'

ARALR30 (Rock Cress) A more attractive pot plant than older Arabis. Forms a very uniform, tightly mounded cushion of bright green foliage that becomes blanketed by vibrant magenta pink, non-fading blossoms. Slowly spreading, alpine perennial. From Kieft Seed.

4-6in/MSp/Z4-8/30ct ⑤

Aralia cordata 'Sun King'

ARASK20, ARASK72 (Golden Japanese Spikenard) This hardy, tropical looking beauty brightens up the shade garden with its very large, compound, bright gold leaves. Color is greener in deep shade. Tiny white flowers give way to purple-black berries in fall.

3ft/MSu-LSu/Z3-9/20 & 72ct ①

Aralia cordata 'Sun King'

Armeria maritima
'Bloodstone'

Armeria maritima 'Bloodstone'

ARMBL30, ARMBL72 (Thrift, False Sea Pink) Bright purple-pink, ball-shaped flower clusters on thin, leafless stalks held well above the tight mounds of evergreen, grassy foliage. Native to coastlines where few other plants can handle the high salt concentration. 8-10in/MSp-ESu/Z3-8/30 & 72ct **GD**

Armeria pseudarmeria
'Ballerina Red'

ARMBR30, ARMBR72 (Thrift, False Sea Pink) An excellent garden performer, this Armeria blooms in spring and continues to rebloom sporadically thru summer. Compared to *A. maritima*, it has larger 1in round, rose red flowers held on taller, stiffer stems and has broader evergreen foliage. 12-14in/MSp-LSp/Z(5)6-9/30 & 72ct **S**

Armeria pseudarmeria
'Ballerina Red'

Artemisia schmidtiana
'Silver Mound'

ARTSMG1, ARTSMG2, ARTSM72 (*schmidtiana* 'Nana') (Silver Mound Artemisia) Soft feathery leaves grow into compact, cushion-like mounds. Has multiple applications in the landscape including edging, rock gardens or containers. 8-10in/Z3-7/G1 & G2, 72ct **C**

Artemisia schmidtiana 'Silver Mound'

Aruncus aethusifolius

ARUAE30, ARUAE72 (Dwarf Goat's Beard) A miniature selection with the same traits as *A. dioicus* at roughly 1/3 the size. Fine, glossy, fern-like foliage. Creamy white, 3-4in long, feathery spikes of flowers appear above the foliage. Excellent fall color. 10-12in/ESu-MSu/Z3-7/30 & 72ct **S**

Aruncus dioicus

ARUDI30, ARUDI72 (Goat's Beard) Outstanding specimen plant. Looks like a giant white Astilbe. Creamy white flowers are produced on feathery, open panicles which can grow up to 1ft long. Robust habit; can be grown in place of a shrub in the garden. 4-5ft/ESu-MSu/Z3-7/30 & 72ct **S**

Aruncus 'Misty Lace' PP15798

ARUML20, ARUML72 (Goat's Beard) The perfect size Aruncus for smaller gardens. Large, creamy white, feathery plumes on dark red stems. Selected by Dr. Allan Armitage for its heat and humidity tolerance. The best Aruncus for the south. 2-3ft/ESu-MSu/Z3-7/20 & 72ct **I**

Asexual propagation prohibited.

Asarum splendens

ASASP30 (Chinese Wild Ginger) Vigorous, spreading groundcover with heart-shaped, dark green leaves elegantly mottled with silver. Semi-evergreen; fresh foliage is produced over older leaves each spring. Dark purple flowers are produced under the foliage at soil level.

5-8in/ESp/Z(5)6-9/30ct ①

Asclepias incarnata 'Cinderella'

ASCCIG1 (Swamp Milkweed) A hassle-free perennial offering three months of vanilla scented, rose pink flowers in 3-4in, compact clusters followed by typical milkweed seed pods. Clump former. Spreads by rhizomes. Non-invasive.

3-5ft/MSu-EFa/Z3-9/G1 ⑤

Asclepias tuberosa 2017 Perennial Plant of the Year™

ASCTUG1, ASCTU30, ASCTU72 (Butterfly Weed) A hassle-free perennial with three months of tangerine orange blooms followed by green fruits filled with silvery-white, silky seeds. Excellent long-lasting cut flower. Breaks dormancy late.

24in/ESu-LSu/Z3-9/G1, 30 & 72ct ⑤

Asclepias tuberosa 'Hello Yellow'

ASCHYG1, ASCHY30, ASCHY72 (Butterfly Weed) A hassle-free perennial with three months of golden yellow blossoms followed by green fruits filled with silvery white, silky seeds. Excellent long-lasting cut flower. Breaks dormancy late.

24in/ESu-LSu/Z3-9/G1, 30 & 72ct ⑤

Asparagus 'Jersey Giant'

ASPJGG1 Consistently yields 2-3 times more spears than 'Mary Washington'. Resistant to rust, fusarium, crown and root rot. Very hardy; adapted to temperate and cool climates. 7-9in green spears with purple bracts. 2 year male plants.

4-5ft/LSp/Z4-6/G1 ⑤

Asparagus 'Purple Passion'

ASPPPG1 A sweet (20% more sugar) and nutty flavored selection. Produces a heavy yield of attractive smoky purple spears which turn green when cooked. Entire spear is usable; no stringy ends. Some resistance to rust, rot, and fusarium. 2 year mostly male plants.

3-4ft/MSp-LSp/Z3-10/G1 ⑤

2017 Perennial Plant of the Year™ *Asclepias tuberosa*

This year the Perennial Plant of the Year™ is *Asclepias tuberosa*. An historic favorite of the Monarch Butterfly, it has become one of our favorites as well. In addition to our plug production, we field grow thousands of these plants every year and each year we are visited by thousands of orange-winged inspectors who seem to think we're doing a good job.

The KICKIN[®] AstersAster KICKIN[®] 'Carmine Red'Aster KICKIN[®] 'Lavender'Aster KICKIN[®] 'Lilac Blue'Aster KICKIN[®] 'Pink Chiffon'

(Aster) These asters really do live up to their name! Their habit is superb, naturally forming a very full, dense mound of finely textured, green foliage that becomes completely blanketed with flowers from late summer into fall. Naturally compact cultivars do not require PGRs to maintain their neat appearance. More resistant to powdery mildew and rust than most Asters. From Kientzler.

Astilbe 'Amber Moon' PPAF
WGI Exclusive

ASBAB20, ASBAB72 Emerges radiant chartreuse yellow with a tinge of red in spring; in summer, the foliage turns to chartreuse green. Tall, strong, blush red stems topped with rose pink flowers are excellent for cutting. *Chinensis* hybrid; exhibits good heat tolerance but is best in shade. Discovered by Darrell Probst.

34-38in/MSu/Z4-9/20 & 72ct ①
Asexual propagation prohibited.

Astilbe 'August Light'

ASBAUG1 ('Augustleuchten') One of the latest red Astilbes to bloom beginning in midsummer. Long, scarlet red, feathery plumes dance above the bushy clump of dissected, green foliage which emerges deep red in spring. Excellent cut flower. *Arendsii* group. 28in/MSu-LSu/Z4-9/G1 ①

Michigan Grown Astilbe

All of the Astilbes we offer are from our own field grown stock here in Michigan. These plants are not bought in from Europe so they have not gone through the mandatory hot water dip which can affect flowering performance. Our Astilbes deliver a superior performance in containers and the landscape.

Astilbe 'Delft Lace' PP19839

Astilbe chinensis 'Milk and Honey'

ASBMHG1 (Chinese Astilbe) A white Astilbe that holds up under sun and mild drought! Creamy white plumes turn light pink as they age. Bushy foliage is somewhat marbled with green & silver when young. Vigorous; prolific bloomer. 30in/MSu-LSu/Z4-9/G1 **D**

Astilbe chinensis 'Pumila'

ASBPUG1 (Dwarf Chinese Astilbe) Lilac-pink flowers on fuzzy, stiff plumes. One of the last Astilbes to bloom. Mid-green leaves form a low carpet of foliage. A popular dwarf, groundcover-type. 10in/LSu-EFa/Z4-9/G1 **D**

Astilbe chinensis 'Purple Candles'

ASBPCG1 ('Purpurkerze') (Chinese Astilbe) Dense, poker-like plumes emerge rich violet-red, then lighten up as they age. Bold, dark green foliage with a coarse texture. Has a unique look; makes a strong color statement in the garden. 42in/MSu/Z4-9/G1 **D**

Astilbe chinensis
'Vision in Red' PP11965

ASBVRG1 (Chinese Astilbe) Deep red buds open to pinkish-red flowers on dense, fuzzy plumes. Red stems and bronze-green foliage enhance the vibrant blossoms. Forms a robust clump. 15in/MSu/Z4-9/G1 **D**
Asexual propagation prohibited.

Astilbe chinensis 'Visions'

ASBVG1 (Chinese Astilbe) Raspberry pink plumes are sweetly fragrant with a dense, pyramidal shape. Large, clear green leaves with a coarse texture form a robust clump.

14-16in/MSu/Z4-9/G1 **D**

Astilbe 'Delft Lace' PP19839

ASBDLG1 Red stems carry panicles of deep salmon pink buds which open to soft apricot pink flowers. Forms a robust clump of lacy, deep blue-green, waxy foliage. Foliage displays some burgundy fall color. An improvement over 'Peach Blossom'. From AB Cultivars. *Japonica* group.

24-36in/ESu/Z4-9/G1 **D**

Asexual propagation prohibited.

Astilbe 'Deutschland'

Astilbe 'Fanal'

Astilbe 'Montgomery'

Astilbe 'Peach Blossom'

Astilbe 'Red Sentinel'

Astilbe 'Rheinland'

Astilbe 'Deutschland'

ASBDEG1 Pure white, open, lacy panicles dance above the glossy, deep green foliage. Attractive even when the plant is not in bloom. Great for brightening up shady gardens. *Japonica group*. 24-30in/ESu/Z4-9/G1 

Astilbe 'Fanal'

ASBFAG1 Blood red flowers are presented in upright spires. One of the earliest reds to bloom. Foliage is mahogany red in spring, turning green by summer. A very popular red variety. Vigorous grower. *Arendsii group*. 20in/ESu/Z4-9/G1 

Astilbe 'Montgomery'

ASBMOG1 Dark magenta red, triangular-shaped plumes are borne on darker red stems. Leaves emerge with a bronzed red tint in spring, then turn dark green. *Japonica group*. 20-24in/MSu/Z4-9/G1 

Astilbe 'Peach Blossom'

ASBPBG1 Delicate peach flowers with a hint of pink. Full plumes lend a frothy appearance to the clump. Glossy, green foliage. *Japonica group*. 24in/ESu/Z4-9/G1 

Astilbe 'Red Sentinel'

ASBRSG1 Vibrant scarlet-red flowers are held in open, lacy panicles. Forest green foliage and mahogany-red stems. One of the best reds. *Japonica group*.

20-24in/ESu-MSu/Z4-9/G1 

Astilbe 'Rheinland'

ASBRHG1 Clear rose-pink flowers are held in large, diamond-shaped panicles. Very floriferous and vigorous. Large, mid-green leaves. One of the best early pink Astilbes. *Japonica group*.

24in/ESu/Z4-9/G1 

Astilbe 'Rise and Shine'

ASBRAG1 Large 8in, hot pink, pyramidal plumes on strong stems. Superior genetics result in a more solid root structure and vibrant flower color. *Chinensis* hybrid; exhibits increased sun and drought tolerance.

27in/MSu/Z4-9/G1 

Astilbe 'Snowdrift'

ASBSNG1 A classic white Astilbe with wide, diamond-shaped plumes. The shiny, green leaves remain attractive even when the plant is not in bloom. Introduced through Blooms of Bressingham®. *Arendsii group*.

24in/ESu-MSu/Z4-9/G1

Baptisia DECADENCE®
'Blueberry Sundae' PP23891

Baptisia DECADENCE®
'Blueberry Sundae' PP23891
WGI Introduction

BAPBSG1, BAPBS72 (False Indigo) More vibrant, indigo blue flowers and a shorter, well-branched habit set this variety apart from *B. australis*. Deep blue-green foliage forms a compact, upright mound topped with an excellent floral display. Decorative seed pods in fall.

3ft/LSp-ESu/Z4-9/G1, 72ct ☉

All propagation prohibited.

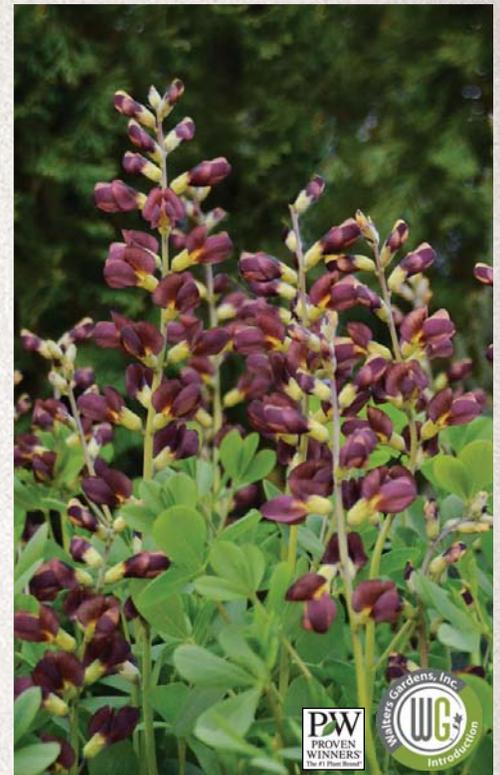

Baptisia DECADENCE®
'Cherries Jubilee' PP23907

Baptisia DECADENCE®
'Cherries Jubilee' PP23907
WGI Introduction

BAPCJG1, BAPCJ72 (False Indigo) Uniquely beautiful maroon and yellow flowers are held on strong scapes above the densely branched, blue-green foliage. Flowers age to gold. Secondary branching on flower stems makes this variety especially floriferous. Decorative seed pods follow in fall.

2½-3ft/LSp-ESu/Z4-9/G1, 72ct ☉

All propagation prohibited.

Baptisia DECADENCE®
'Dutch Chocolate' PP23872

Baptisia DECADENCE®
'Dutch Chocolate' PP23872
WGI Introduction

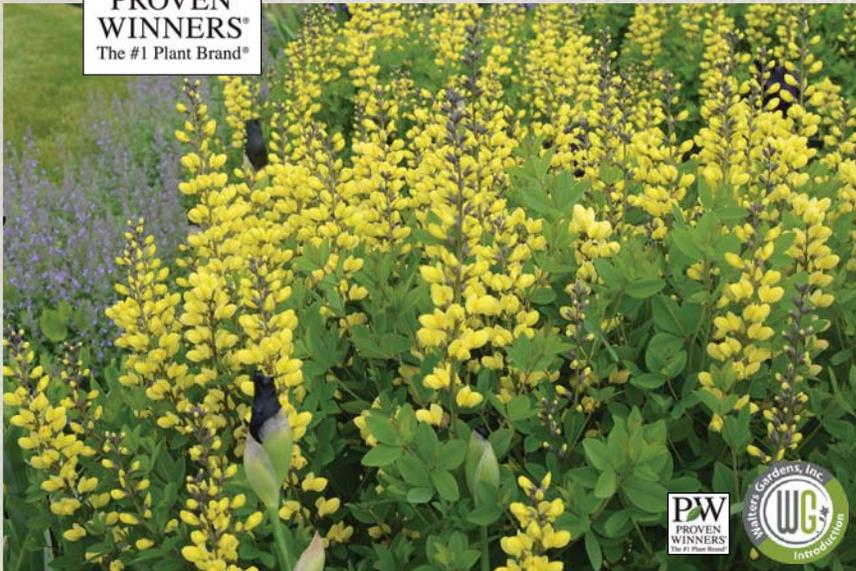

BAPDCG1, BAPDC72 (False Indigo) Rich velvety chocolate purple flowers are held on upright stems above the densely compact, deep blue-green foliage. Decorative seed pods follow in fall. Foliage starts lower on the stems, covering the base. Vigorous grower.

2½-3ft/LSp-ESu/Z4-9/G1, 72ct ☉

All propagation prohibited.

Baptisia DECADENCE[®] 'Vanilla Cream' PPAF

Baptisia DECADENCE[®]
'Lemon Meringue' PP24280
WGI Introduction

BAPLMG1, BAPLM72 (False Indigo) Impressive vigor compared to other yellow Baptisias. Forms an upright, vase-shaped mound of attractive blue-green foliage topped with long, charcoal stems carrying charcoal buds and lemon yellow flowers. Seed pods in fall.

3ft/LSp-ESu/Z4-9/G1, 72ct ☉
 All propagation prohibited.

Baptisia DECADENCE[®]
'Pink Truffles' PP26588
WGI Introduction

BAPPTG1, BAPPT72 (False Indigo) A novel new color in Baptisia! Clear soft pink blossoms with a pale yellow keel are produced in late spring, the perfect complement to peonies, bleeding hearts, and other spring bloomers. Its compact habit makes it easy to fit into any garden.

2½-3ft/LSp-ESu/Z4-9/G1, 72ct ☉
 All propagation prohibited.

Baptisia DECADENCE[®]
'Sparkling Sapphires' PPAF
WGI Introduction

BAPSSG1, BAPSS72 (False Indigo) Intensely vibrant color will stop you in your tracks! Vivid violet blue blossoms with a pale yellow keel are produced on eight inch long spikes over grey-green leaves. Its compact habit makes it easy to fit into any garden. Decorative seed pods follow in fall.

2½-3ft/LSp-ESu/Z4-9/G1, 72ct ☉
 All propagation prohibited.

Baptisia DECADENCE[®]
'Vanilla Cream' PPAF
WGI Introduction

BAPVCG1, BAPVC72 (False Indigo) Forms a short, compact, very well-branched clump of grey-green foliage which emerges a beautiful shade of bronze in spring. 10in spikes of pastel yellow buds open to creamy vanilla flowers followed by seed pods in fall.

2½-3ft/LSp-ESu/Z4-9/G1, 72ct ☉
 All propagation prohibited.

Baptisia australis

BAPAUG1 (Blue False Indigo) Showy indigo-blue flowers carried on tapering spikes up to 1ft long. They are held just above the dense, bushy mounds of soft blue-green leaves. Black seed pods are present from fall into winter.

4ft/MSp-LSp/Z3-9/G1 Ⓢ

Baptisia 'Brownie Points' PP26624

WGI Exclusive Introduction

BAPBPG1, BAPBP72 (False Indigo)

This one is sure to win performance points in your garden! Caramel brown flowers with yellow keels are borne on 10in spikes. Intense brown color does not fade to yellow like some bicolors do. Remains in bloom long after other varieties are past peak.

3-3½ft/ESu/Z4-9/G1, 72ct Ⓢ

Asexual propagation prohibited.

Baptisia 'Grape Taffy' PP26587

WGI Exclusive Introduction

BAPGRG1, BAPGR72 (False Indigo)

One of the most compact Baptisia to date. The flowers look like grapes on a vine, each flower accented by a buff yellow keel. Color break for Baptisia:

reddish-purple instead of the typical deep blue. Green foliage looks attractive even when the flowers are not in bloom.

2-2½ft/LSp-ESu/Z4-9/G1, 72ct Ⓢ

Asexual propagation prohibited.

Baptisia 'Indigo Spires' PPAF

WGI Exclusive Introduction

BAPISG1, BAPIS72 (Blue False Indigo) Very impressive, floriferous selection with a perfect habit. Glaucous green foliage forms a densely branched, fully rounded clump with little bare stem at the base. 12-15in spikes of deep violet purple flowers with a yellow keel are borne prolifically.

3½-4ft/ESu/Z4-9/G1, 72ct Ⓢ

Asexual propagation prohibited.

NEW! Baptisia 'Lavender Stardust' PPAF

WGI Exclusive Introduction

BAPLSG1, BAPLS72 (False Indigo) Extremely long, 18in lilac purple flower spikes with pale yellow keels rise above the full, wide clump of foliage. Flowers lighten to dusty lavender purple with age, and are more of a reddish hue than *B. australis*.

3-3½ft/LSp-ESu/Z4-9/G1, 72ct Ⓢ

Asexual propagation prohibited.

Correctly Potting Your Bare Root Baptisias

B

In order to properly grow out Baptisias the most important step is potting. Premium 1-gallon pots are a good size, especially if you are planting in early spring.

Plant one plant per pot, sifting soil to fill in all gaps below the root structure. If air pockets remain and the soil settles too much of the root can be exposed. If the roots do not fit neatly in the container, you can trim them again right before potting. Avoid leaving any root exposed, else the roots risk drying out and the plant will perform poorly.

Correctly Potted

Incorrectly Potted

Notice how the pot on the left has the eyes barely visible while in the pot on the right they are completely exposed. The difference is seemingly slight but very crucial for the successful growing baptisia from bare root.

Brunnerna macrophylla
'Looking Glass' PP17829

Brunnerna macrophylla
'Emerald Mist' PP20460

WGI Introduction

BRUEM20 (Heartleaf Brunnera) An improvement over 'Langtrees'; heavier silver bars connect to form a silver collar around the perimeter of the leaf. Very light silver dusting over the entire leaf. Baby blue, forget-me-not type flowers. 12-15in/MS_p-LS_p/Z3-8/20ct ① Asexual propagation prohibited.

Brunnerna macrophylla
'Green Gold'

Back by Popular Demand

BRUGG20 (Heartleaf Brunnera) Consider replacing B. macrophylla in your lineup for this more colorful spring bling. Foliage emerges glowing chartreuse yellow topped with baby blue flowers in spring. Broad, heart-shaped leaves turn green by summer. 12in/MS_p-LS_p/Z3-8/20ct ①

Brunnerna macrophylla
'Jack Frost' PP13859

WGI Introduction

BRUJF20, BRUJF72 (Heartleaf Brunnera) 'Jack Frost' is a name known worldwide and it continues to be a top seller for our customers. It

Brunnerna macrophylla 'Jack Frost' PP13859

forms a beautiful mound of heart-shaped, silver leaves with green veining. Airy sprays of baby blue, forget-me-not flowers appear in spring. 12-15in/MS_p-LS_p/Z3-8/20 & 72ct ①

Asexual propagation prohibited.

Brunnerna macrophylla
'Looking Glass' PP17829

WGI Introduction

BRULG20, BRULG72 (Heartleaf Brunnera) Wispy panicles of blue forget-me-not flowers hover above the young foliage which is similar to its parent, 'Jack Frost'. Large, heart-shaped, mature leaves are solid silver and tend to cup down-

Brunnerna macrophylla
'Variegata'

ward. Wonderful for brightening up shade gardens.

12-15in/MS_p-LS_p/Z3-8/20 & 72ct ① Asexual propagation prohibited.

Brunnerna macrophylla 'Variegata'

BRUVA20 (Heartleaf Brunnera) Large, heart-shaped leaves with irregular, creamy white leaf margins are striking from a distance. Some leaves are almost entirely white. Baby blue, forget-me-not like flowers. Performs best in full shade.

12-15in/MS_p-LS_p/Z3-8/20ct ①

Buddleia 'Little Angel' PPAF

Buddleia 'Magenta Munchkin' PPAF

Buddleia 'Little Nugget' PPAF

Buddleia 'Orchid Annie' PPAF

Buddleia 'Lavender Cupcake' PPAF
 BUDLC20, BUDLC72 (Butterfly Bush) This sweet Buddleia will charm you with its extremely long, 12in light lavender purple flower panicles and a rounded, compact habit. Once in bloom as early as midsummer, this shrub will bloom like crazy with good flower coverage.
 3½-4ft/MSu-EFa/Z5-10/20 & 72ct ©
 Asexual propagation prohibited.

Buddleia 'Little Nugget' PPAF
 BUDLN20, BUDLN72 (Butterfly Bush) This garden treasure will impress you with its brilliant gold foliage and contrasting magenta purple flowers. The 5-6in long flowers will deepen to blue-purple with age and appear earlier in the season than the typical Butterfly Bush.
 2½-3ft/MSu-EFa/Z5-10/20 & 72ct ©
 Asexual propagation prohibited.

Buddleia 'Magenta Munchkin' PPAF
 BUDMM20, BUDMM72 (Butterfly Bush) 7-8in fuchsia red flowers have lighter centers on each individual flower that look like eyes from afar. This floriferous variety will produce tons of flower panicles when in bloom. The low, rounded, ball-shaped habit has medium green foliage.
 2½-3ft/MSu-EFa/Z5-10/20 & 72ct ©
 Asexual propagation prohibited.

Buddleia 'Orchid Annie' PPAF
 BUDOA20, BUDOA72 (Butterfly Bush) Totally unlike the tall and leggy Buddleia of the past, 'Orchid Annie' maintains a compact, refined habit. 8in orchid purple flower panicles appear above a perfect rounded shrub a few weeks earlier than you would expect for a Butterfly Bush.

Buddleia MONARCH® Collection

B

Buddleia 'Blue Knight' PPAF

WGI Exclusive Introduction

BUDBL20, BUDBL72 (Butterfly Bush) Forms a dense clump of minty green leaves. Incredibly long, 10-12in, outward-facing flower panicles open light lavender purple and deepen to blue-purple with age. Incredible flower coverage.

3½-4ft/LSu-EFa/Z5-10/20 & 72ct ☉

Asexual propagation prohibited.

Buddleia 'Crown Jewels' PPAF

WGI Exclusive Introduction

BUDCJ20, BUDCJ72 (Butterfly Bush) Grown for its beautiful gold foliage which shines brightly from spring through fall. Magenta purple flowers sparkle like jewels against the bright foliage, pointing skyward on branched stems for many weeks.

3½-4ft/LSu-EFa/Z5-10/20 & 72ct ☉

Asexual propagation prohibited.

Buddleia 'Dark Dynasty' PPAF

WGI Exclusive Introduction

BUDDD20, BUDDD72 (Butterfly Bush) A great selection for urban gardens, this smaller, densely compact selection forms a neatly rounded clump of dark green foliage. Rich royal purple, fragrant flowers are borne on branched stems for many weeks.

3ft/LSu-EFa/Z5-10/20 & 72ct ☉

Asexual propagation prohibited.

Buddleia 'Glass Slippers' PPAF

WGI Exclusive Introduction

BUDGS20, BUDGS72 (Butterfly Bush) The silvery green foliage and icy toned flowers of this new selection are like a cool drink of water on a hot summer day. Wide spreading, tightly knit, cushion-like habit topped with pale periwinkle blue blossoms.

3ft/LSu-EFa/Z5-10/20 & 72ct ☉

Asexual propagation prohibited.

NEW! Buddleia 'Prince Charming' PPAF

WGI Exclusive Introduction

BUDPC20, BUDPC72 (Butterfly Bush) A color break for Buddleia! 10in long, bright cerise pink flower spikes cover the upright, gum-drop-shaped habit. Compared to 'Queen of Hearts', 'Prince Charming' is closer to raspberry pink than purple.

3½-4ft/LSu-EFa/Z5-10/20 & 72ct ☉

Asexual propagation prohibited.

Buddleia 'Queen of Hearts' PPAF

WGI Exclusive Introduction

BUDQH20, BUDQH72 (Butterfly Bush) This short, compact, highly floriferous selection is perfect for adding a hot splash of color to the landscape. Large 12-15in panicles of vibrant magenta red, upward pointing flowers appear for many weeks.

2½-3ft/LSu-EFa/Z5-10/20 & 72ct ☉
