AQUAPOTS®
WATERING MADE EASY™

**MORE DEMAND
MORE SIZES**

NEW INSERT SIZES BASED ON TREMENDOUS DEMAND AND EXCITEMENT

Save water. Save soil.

AquaPots Lite use 75% less water and 50% less soil than similar pots on drip irrigation.

Lightweight & durable

Makes moving and planting easy.

The convenience of a self-watering pot

with the look and feel of ceramic, stone and concrete.

Never overwater your plants again!

The overflow grooves ensure your plants won't drown, even after a heavy rain.

Order today to expand your offering of AquaPots and help your customers save water and soil.
