

ARTIST® Blue Ageratum
 Small, fluffy, blue buttonlike flowers add color all season; no deadheading needed. Part Sun-Sun. Height: 8-12".

ARTIST® Purple Ageratum
 Small, fluffy, purple buttonlike flowers add color all season; no deadheading needed. Part Sun-Sun. Height: 8-12".

ANGELFACE® Cascade Blue Angelonia
 Large flowers on vigorous, cascading plants. Heat, humidity and drought tolerant. Flowers all season. Sun. Height: 8-14".

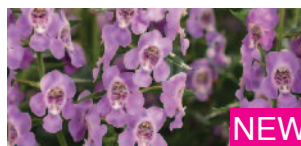

ANGELFACE® Cascade Pink Angelonia
 Large flowers on vigorous, cascading plants. Heat, humidity and drought tolerant. Flowers all season. Sun. Height: 8-14".

ANGELFACE® Cascade White Angelonia
 Large flowers on vigorous, cascading plants. Heat, humidity and drought tolerant. Flowers all season. Sun. Height: 8-14".

ANGELFACE® Blue Angelonia
 Improved floral presentation on well-branched, upright stems. Flowers all season. Loves the heat. Sun. Height: 18-3".

ANGELFACE® Steel Blue Angelonia
 Covered with Soft blue flowers. Blooms non-stop all season. Loves the heat. Sun. Height: 30-40".

ANGELFACE® Super Blue Angelonia
 Large, landscape-sized plants are covered in blue-purple flowers all season. Loves the heat. Sun. Height: 30-40".

ANGELFACE® Super Pink Angelonia
 Large, landscape-sized plants are covered in pink flowers all season. Loves the heat. Sun. Height: 30-40".

ANGELFACE® Super White Angelonia
 Large, landscape-sized plants are covered in white flowers all season. Loves the heat. Sun. Height: 30-40".

ANGELFACE® Wedgwood Blue Angelonia
 Lavender and white bicolor flowers on tall spikes appear all season. Loves the heat. Sun. Height: 18-24".

SILVER BULLET® Angelonia
 Lacy, silver foliage coordinates well with any colors you choose. Low water needs. Sun. Height: 6-10".

CAMPFIRE® Fireburst Bidens
 Vigorous heat and drought tolerant annual with striking orange and yellow bicolor flowers. Sun. Height: 8-12".

GOLDILOCKS ROCKS® Bidens
 Vigorous, heat and drought tolerant, mounding annual with bright gold flowers all season. Sun. Height: 12-14".

FLAMBE® Yellow Chrysocephalum
 Tufted yellow flowers on silvery foliage; very heat and drought tolerant. Sun. Height: 8-14".

TOUCAN® Coral Canna
 Soft coral flowers with lush green foliage. Excellent thriller for containers; also great in landscapes. Sun. Height: 30-48".

TOUCAN® Dark Orange Canna
 Deep red-orange flowers with lush green foliage. Excellent thriller for containers; also great in landscapes. Sun. Height: 30-48".

TOUCAN® Rose Canna
 Coral pink flowers with lush green foliage. Excellent thriller for containers; also great in landscapes. Sun. Height: 30-48".

TOUCAN® Scarlet Canna
 Scarlet red flowers with lush bronze-green foliage. Excellent thriller for containers; also great in landscapes. Sun. Height: 30-48".

TOUCAN® Yellow Canna
 Yellow flowers with lush green foliage. Excellent thriller for containers; also great in landscapes. Sun. Height: 30-48".

SENORITA BLANCA® Cleome
 White flowers, thornless, non-sticky, odorless, seedless and a great all-season performer. Sun. Height: 24-48".

SENORITA MI AMOR® Cleome
 Pale pink flowers, thornless, non-sticky, odorless, seedless and a great all-season performer. Sun. Height: 24-48".

PEQUENA ROSALITA® Cleome
 Pink flowers, thornless, non-sticky, odorless, seedless and a great all-season performer. Sun. Height: 18-36".

SENORITA ROSALITA® Cleome
 Pink flowers, thornless, non-sticky, odorless, seedless and a great all-season performer. Sun. Height: 24-48".

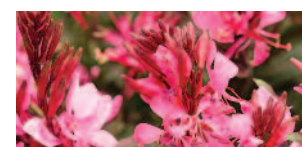

VERMILLIONAIRE® Cuphea
 A hummingbird magnet! Low maintenance, heat and humidity tolerant annual for landscape and large containers. Sun. Height: 18-28".

MYSTIC ILLUSION® Dahlia
 Lemon yellow flowers pop against a backdrop of dark foliage all summer. Disease resistant. Sun. Height: 18-36".

BLUE MY MIND® Evolvulus
 Excellent heat, humidity and drought tolerant groundcover or spiller for sunny areas. Sun. Height: 6-12".

KARALEE® Petite Pink Gaura
 Wands of pink flowers hover like butterflies over dark green to burgundy foliage. Makes a great thriller in container recipes. Sun. Height: 12-24".

Southern Annuals for Sun

STRATOSPHERE™ White Gaura
 Wands of white flowers hover like butterflies over dark green to burgundy foliage. Makes a great thriller in container recipes. Sun. Height: 12-24".

TRUFFULA™ Pink Gomphrena
 Covered in hot pink, cotton ball-shaped blooms all season; great pollinator plant. Sun. Height: 22-30".

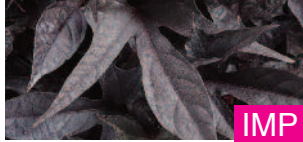

Sweet Caroline Bewitched After Midnight Ipomoea
 Non-fading, mounded foliage displays excellent heat tolerance and vigor. Sun - part shade. Height: 10 -16".

Sweet Caroline Bewitched Green with Envy Ipomoea
 Non-fading, mounded foliage displays excellent heat tolerance and vigor. Sun - part shade. Height: 10 -16".

Sweet Caroline Kiwi Ipomoea
 Non-fading chartreuse, mounded foliage, heat tolerance and vigorous. Sun - part shade. Height: 10-16".

Sweet Caroline Raven Ipomoea
 Non-fading deep purple, mounded foliage, heat tolerance and vigorous. Sun - part shade. Height: 6-16".

ILLUSION™ Emerald Lace Ipomoea
 Great foliage plant for adding unique texture to combinations; heat tolerant and fast growing. Sun - part shade. Height: 6 -10".

ILLUSION™ Garnet Lace Ipomoea
 Great foliage plant for adding unique texture to combinations; heat tolerant and fast growing. Sun - part shade. Height: 6 -10".

ILLUSION™ Midnight Lace Ipomoea
 Great foliage plant for adding unique texture to combinations; heat tolerant and fast growing. Sun - part shade. Height: 6-10".

BETH'S BLUE™ Isotoma
 Beloved for its unique star-shaped, lavender flowers and interesting texture. Heat tolerant. Great in landscapes and containers. Sun. Height: 12-14".

LUSCIOUS™ Bananarama Lantana
 Long -blooming, mounding annual for sunny, hot dry areas. Vibrant blooms attract butterflies and hummingbirds. Sun. Height: 18-30".

LUSCIOUS™ Citrus Lantana
 Long -blooming, mounding annual for sunny, hot dry areas. Vibrant blooms attract butterflies and hummingbirds. Sun. Height: 12-18".

LUSCIOUS™ Marmalade Lantana
 Long -blooming, mounding annual for sunny, hot dry areas. Vibrant blooms attract butterflies and hummingbirds. Sun. Height: 12-18".

LUSCIOUS™ Pinkberry Blend Lantana
 Long -blooming, mounding annual for sunny, hot dry areas. Vibrant blooms attract butterflies and hummingbirds. Sun. Height: 20 -24".

LUSCIOUS™ Royale Cosmo Lantana
 Long -blooming, mounding annual for sunny, hot dry areas. Vibrant blooms attract butterflies and hummingbirds. Sun. Height: 20 -24".

BUSHING PRINCESS™ Lobularia
 Fragrant blush lavender flowers bloom spring through fall, even in hot climates. Part sun - sun. Height: 4-8".

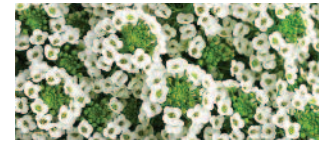

DARK KNIGHT™ Lobularia
 Fragrant deep purple flowers bloom spring through fall, even in hot climates. Part sun - sun. Height: 4-8".

FROSTY KNIGHT™ Lobularia
 Fragrant white flowers bloom spring through fall, even in hot climates. Variegated foliage. Part sun - sun. Height: 4-8".

SNOW PRINCESS™ Lobularia
 Fragrant white flowers bloom spring through fall, even in hot climates. Large, landscape-sized plant. Part sun - sun. Height: 4-8".

WHITE KNIGHT™ Lobularia
 Fragrant white flowers bloom spring through fall, even in hot climates. Smaller than Snow Princess®. Part sun - sun. Height: 4-6".

GOLDDUST™ Mecardonia
 Wonderful, low growing groundcover that is covered in yellow blooms all season. Heat tolerant. Sun. Height: 2-5".

BOLDLY™ Dark Red Pelargonium
 Deep red blooms appear all season long atop mounding plants in containers and landscapes. Heat tolerant. Sun. Height: 10-12".

TIMELESS™ Fire Pelargonium
 Flaming red blooms appear all season long atop cascading plants in containers and landscapes. Sun. Height: 12-18".

TIMELESS™ Pink Pelargonium
 Clear pink blooms appear all season atop cascading plants in containers and landscapes. Sun. Height: 12-18".

SUPERTUNIA™ Vista Bubblegum Petunia
 Creating impressive displays in landscapes and containers. Heat tolerant; no dead-heading. Part sun-sun. Height: 12-24".

SUPERTUNIA™ Vista Fuchsia Petunia
 Creating impressive displays in landscapes and containers. Heat tolerant; no dead-heading. Part sun-sun. Height: 12-24".

SUPERTUNIA™ Vista Paradise Petunia
 Creating impressive displays in landscapes and containers. Heat tolerant; no dead-heading. Part sun-sun. Height: 12-24".

SUPERTUNIA™ Vista Silverberry Petunia
 Creating impressive displays in landscapes and containers. Heat tolerant; no dead-heading. Part sun-sun. Height: 12-24".

Southern Annuals for Sun

INTENSIA® Blueberry White Phlox
 Fragrant blooms on mounding plants all season. Heat, drought and humidity tolerant.
 Sun. Height: 8-12".

Mojave® Portulaca
 Colorful, flowering succulent that blooms all summer without deadheading. Heat and drought tolerant
 Sun. Height: 4-6".

ROCKIN'® PLAYIN' THE BLUES® Salvia
 Large, landscape-sized, heat tolerant annual featuring blue-purple flower spikes that attract pollinators all season.
 Sun. Height: 24 - 48".

ROCKIN'® DEEP PURPLE Salvia
 Large, landscape-sized, heat tolerant annual featuring blue-purple flower spikes that attract pollinators all season.
 Sun. Height: 24 - 48".

WHIRLWIND® Pink/White Scaevola
 A tough yet beautiful, mounding to spreading annual for containers and landscapes. Fan-shaped flowers all season.
 Sun. Height: 8 -12".

Lemon Coral™ Sedum
 Tough-as-nails, mounding to trailing succulent for containers and landscapes. Heat and drought tolerant.
 Part sun to sun. Height: 3-10".

Lemon Slice-A-Peel® Thunbergia
 Clear lemon yellow flowers with black eye. Excellent heat tolerance.
 Part sun - sun. Height: 60-96".

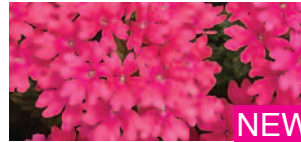

Orange Slice-A-Peel® Thunbergia
 Vibrant orange flowers with black eye. Excellent heat tolerance.
 Part sun - sun. Height: 60-96".

Tangerine Slice-A-Peel® Thunbergia
 Orange and yellow bicolor with black eye. Excellent heat tolerance.
 Part sun - sun. Height: 60-96".

Meteor Shower® Verbena
 Lilac lollipops held on tall stems make a fun addition to containers and landscapes. Non-invasive form.
 Part sun - sun. Height: 20-30".

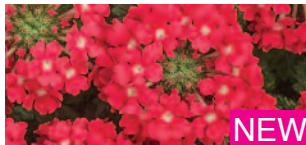

SUPERBENA® Raspberry Verbena
 Vibrant bloom clusters all season on spreading, disease resistant plants. Heat and drought tolerant.
 Sun. Height: 6-12".

SUPERBENA® Red Verbena
 Vibrant bloom clusters all season on spreading, disease resistant plants. Heat and drought tolerant.
 Sun. Height: 6-12".

SUPERBENA® Royale Cherryburst Verbena
 Vibrant bloom clusters all season on spreading, disease resistant plants. Heat and drought tolerant.
 Sun. Height: 6-12".

SUPERBENA® Scarlet Star Verbena
 Vibrant bloom clusters all season on spreading, disease resistant plants. Heat and drought tolerant.
 Sun. Height: 6-12".

SUPERBENA® Violet Ice Verbena
 Vibrant bloom clusters all season on spreading, disease resistant plants. Heat and drought tolerant.
 Sun. Height: 6-12".

SUPERBENA® Whiteout Verbena
 Vibrant bloom clusters all season on spreading, disease resistant plants. Heat and drought tolerant.
 Sun. Height: 6-12".

Southern Annuals for Shade

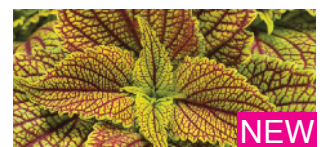

SUREFIRE® Red Begonia
 All-season color for sun or shade. Stong, upright plants are great in containers and landscapes.
 Sun or shade. Height: 12-24".
